The slope down Bhamy's Corner, as one goes from the Imperial Bank Buildings towards the Municipal Office is so dangerous for motorists and cyclists, it has been the scene of nasty accidents of late. It is necessary that a traffic constable is posted where the four roads meet to control and direct traffic.

* * * *

The Sub-Post Master, City Post Office, Mangalore referring to my notes on his Letter Box, writes that on the particular day in question, the Letter Box was overful owing to the servant of a local merchant dropping into it, parcels, which were intended to be handed over. He writes the Letter Box is perfectly safe and letters posted once, cannot be removed. I am glad he has taken immediate notice of the public complaint and has given a satisfactory assurance to the people of the locality.

* * * *

The District Judge, Mangalore delivered judgment on the Ist instant allowing the appeal with costs throughout preferred by Mr. Felix Albuquerque, against the order of the Sub-Judge, refusing restoration of his seat on the Directorate of the Catholic Bank Ltd., Mangalore

* * * *

Our readers will remember that there have been persistent efforts by some of the Christian Councillors to induce the Council to give up the site once acquired from Mrs. Louis Rodrigues for a fish market in Hoige Bazaar. Some time ago the Council carried by the narrow majority of one vote a resolution that a deputation shall wait upon the Collector to persuade the Collector to adopt the suggestion of the Council approved by the majority. The other side also then intimated that they would lead a counter deputation. It is now understood that a deputation consisting of the Chairman, Mr. M. S. Shreshta and Rao Bahadur N. Venkata Rao favouring the relinquisition of the site met the Collector on the afternoon of the Ist instant. It seems the Collector was not much impressed with the views of the deputationists.

* * * *

The annual repair of the Falnir road seem to have been conducted this time with extraordinary haste and quickness This road is now supporting more than ordinary vehicular motor traffic owing to City Motor Service and the other competing seven s aters and as such deserves better treatment and attention.

I understand the contractor for the supply of articles of diet for the Government Head Quarters Hospital, and Lady Goschen Hospital, Mangalore is being heavily fined for the repeated infringement of the stipulations of the bond. If my information is correct he has been fined to the extent of Rs 328 in the course of last month. This shows the quantity

It is a fact that the contractor has been supplying adulterated milk and butter to the Hospital owing to the low tender rates at which the contract was secured by him. The Superintendent of the Hospital took steps to prevent such bad supplies by imposing fines on the contractor under the terms of the contract. I have the honour to state that the tender of Mr. Mendonca for the supply of milk during 1937-38 was accepted at 0-1-10 per pint (Tahsildar's rate 0-2-8) on the recommendation of the Superintendent, Headquarters Hospital, Mangalore. On 19-6-1937 the Superintendent reported to the Surgeon-General about the bad supply of milk by the contractor and requested that the contract may be cancelled with effect from 30-6-37. As the tender was accepted and agreement executed in April 1937, it was considered not desirable to cancel the contract as the contractor might improve after one or two warnings and fines. Further, the Government Solicitor, Madras, expressed an opinion that after the cancellation of the contract, the contractor cannot be held liable for any additional expenditure that the Government will be put to in obtaining milk elsewhere at a higher price. In view of the financial implications involved in the cancellation of the contract, steps were not taken to terminate the contract immediately. The tender of Mr. Mendonca for the supply of articles of diet for 1938-39 was not considered though he submitted one in the usual course.

Please see the S.G.'s letter on pp 6-7.C.F.

2. Inregard to the complaint about the supply of articles of diet to the Govt hospitals at Mangalore, it is admitted that the contractor has been supplying adulterated milk and butter and that a fine of Rs 896 was levied from him on that account during the period from 18-5-37 to 6-8-37. As there are only two months more for the closing of the year, it is perhaps considered unnecessary to cancel the contract as suggested in the article on p 1.C.F.

3. As regards the second complaint that the medical men in charge of the hospitals are converting them into money making organisations, it is reported that no such complaints have so far been received by the

D.M.O. against any medical officer. No further actio seems called for inrespect of this complaint.

M.(P.H.) I cannot understand how a contractor should be fined continuously from month to month to the tune of Rs 896/-/- & his contract retained. Why did not dispense with him when he found out the contractor unreliable? The matter may be investigated further. I presume the same contractor is not being engaged for this year also

p17 C.F. The S.G. says that the agreement entered into with the Contractor for the supply of diet articles to the Headquarters and Lady Goschen hospitals at Mangalore was not terminated as it was thought that the Contractor might improve after one or two warnings & fines and as the Govt Solicitor had expressed his opinion that after the cancellation of the Contract, the Contractor can be held liable for any additional expenditure that the Govt will have to incur on account of the purchase quickly elsewhere. He says that the tender of Mr. Mendonca for 1938 has not been accepted.

Fines were levied on 13 occasions from June to Oct.

The contract should, it appears, contain a provision for the recovery of the additional expenditure, if any.
